Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

EXCHANGE TABLES

REDUCING

CURRENCY INTO STERLING

FROM

A PENNY TO £5,000 CURRENCY,

IN A

PROGRESSIVE SERIES OF ONE QUARTER PER CENTUM,

FROM

5 PER CENT. PREMIUM TO 14½ PER CENT. PREMIUM,

AND

AT THE OLD PAR OF EXCHANGE;

ALSO

A SERIES OF TABLES REDUCING STERLING INTO CURRENCY AND INTO DOLLARS
AND CENTS, FROM A PENNY TO £5,000 STERLING,

AND

SEVERAL OTHER TABLES

USEFUL TO THE

Merchant, Accountant and Ship Master.

BY E. J. CHARLTON,
Accountant.

QUEBEC:

PRINTED BY JOHN LOVELL, AT HIS STEAM PRINTING ESTABLISHMENT,
MOUNTAIN STREET.

1853.

Entered according to Act of the Provincial Legislature, in the year
of Our Lord One thousand eight hundred and fifty-three,

BY EDWARD JOHN CHARLTON,

In the Office of the Registrar of the Province of Canada.

1853
(47)

P R E F A C E .

THE following Tables are respectfully offered to the patronage of Bankers, Merchants, Ship Masters, and others engaged in trade, in this and the adjoining Provinces.

The author presumes, that on trial, their utility will be found sufficient to secure them a place in every Counting House and Office, where the reduction of Currency into British Sterling, or *vice versa*, forms a subject of calculation. They will serve to ascertain and assure the accuracy of those who calculate with facility, while, to those who are not so habitually correct, they will be still more advantageous. In this great and growing country, where Commerce is so general a pursuit, there are few who will not be pleased to have a work of this kind, in which they have calculations made to their hand.

The author, being fully aware of the extreme importance of accuracy to the success of his undertaking, has adopted such means of detecting all errors, whether of calculation or printing, that its correctness may be relied upon with perfect safety.

The work is comprised in two parts. The first part consists of a series of Tables, reducing Currency into Sterling, from 5 per cent. premium to 14½ per cent. premium. Its compilation and publication was suggested to the author by the most eminent mercantile men of this City,—the peculiar requirements of our trade causing calculations reducing Currency into Sterling, to be much more frequent than those reducing Sterling into Currency, for which Fessenden's Exchange Tables, now in use, only provide. It was for this part only the majority of the subscribers engaged with the author; but after consulting some of his friends, and with the view of making the work as useful as possible, he has since added the second part, which contains a series of Tables reducing Sterling into Currency, and into Dollars and Cents, besides several

other Tables, which the author's experience leads him to hope, will be found exceedingly useful to every Merchant, Accountant and Ship Master connected with the business of this Port.

It only remains for the author to present his warmest thanks to those who have encouraged him by their subscriptions, and to hope that his labor will contribute, in some degree, to their interest and convenience.

E. J. CHARLTON.

QUEBEC, September, 1853.

Currency into Sterling—Exchange at 5 per cent. premium.

REMARKS.

DEALS.—1 St. Petersburg Standard hundred is equal to $3\frac{1}{2}$ loads of Timber.

STAVES.—1 Mille Standard, 1200 pieces, is equal to $16\frac{1}{2}$ loads of Timber.

Do. 1 Mille West India, 1200 pieces, is equal to $5\frac{1}{2}$ loads of Timber.

LATHWOOD.—1 Fathom of 4 feet long, 6 × 6, is equal to 3 loads.

These articles should pay two thirds of the rates in the Table, when shipped as broken stowage, but the common, though unjust practice, in open Charters, is to apportion the rates for broken stowage, as follows, viz.:

DEALS.—A Hundred St. Petersburg Standard, at twice the rate charged for Timber per load.

STAVES.—A Mille standard, at six times the rate charged for Timber per load.

Do. A Mille West India, at twice the rate charged for Timber per load.

Do. A Fathom of Lathwood, at the same rate as charged for Timber per load.

As the ship loses freight on Deals and Staves, owing to the variation in the sizes and the loss in stowing so many pieces, besides the loss arising from the greater thickness of the Deals and Staves than they carry in the specification, (a 3 inch Deal measuring, on an average, $3\frac{1}{2}$ inches, while Staves have still greater in equalities,) it is evident that these articles are more disadvantageous to the carrier, even at the rates given in the Table, than is Timber at its rate. The practice is, therefore, in a two fold degree, unjust and ought to be amended.

REMARKS.

DEALS.—When bright, usually pay 5s. to 10s. per hundred less than their proportionate rate, as struck in the foregoing Table, in consequence of the convenience and dispatch afforded by them as a ship's cargo, and to cover the expense of lighterage, to which, by the custom of the Port, the shipper is subject, in delivering them on board of the ship;—the allowance is, of course, not made as respects floated Deals, shipped in moulinettes.

WHEAT &c.—Every description of Grain pays higher rates of freight than other goods, in proportion, owing to the expense to which the ship is put for lining, &c., to receive it, and for the risk attending so perishable a cargo. An ample allowance is therefore made in striking the above rates, but the Author is far from agreeing to the justice of the Scale adopted in New-York, in this respect, where Wheat pays almost double the rate charged for Flour.

LOUR in Barrels, like bright Deals, is generally taken somewhat under its proportionate rate, owing to the small expense attending its loading as a ship's cargo.

Deals, reduced from Quebec Standard to St. Petersburg Standard,

By the Currency Act, Gold Coins are legal tender, by weight, in sums over £50 Currency, if coined before 1st September, 1841.

The British Sovereign, at 94s. 10d. Currency, per ounce, Troy.

United States Coins, at 93s. per ounce, Troy.

The French 40 Francs piece, with its divisions, at 93s. 1d. per ounce, Troy.

The old Spanish, Mexican and Chilian Doubloon, at 89s. 7d. per ounce, Troy.

The Gold Coins of LaPlata and Colombia, at 89s. 5d. per ounce, Troy.

The Gold Coins of Portugal and Brazil, at 94s. 6d. per ounce, Troy.

The Sovereign is also legal tender at 24s. 4d. Cy. if full weight, and the American Eagle, at 50s. Cy. if weighing 11 dwts., 6 grains, Troy, and coined before July, 1834, to any amount BY TALE.

The following Silver Coins are legal tender:—The Silver Dollar of Spain, United States, Peru, Chili, Central America, South America and Mexico, coined before 1841, and weighing 17 dwts. 4 grains, Troy, at 5s. Currency, and half Dollars at 2s. 6d., same coinage, and proportionate weight,—to any amount, BY TALE. Their subdivisions, the Quarter Dollar, at 1s., the One-eighth, at 6d., the One-sixteenth at 3d. are legal tender for £2 10s.

The French 5 Francs Piece, at 4s. 8d.

The British Crown, at 6s. 1d., and other Coins in proportion, to the extent of £2 10s.

REMARKS IN EXPLANATION OF THE TABLE AT PAGE 71.

By this table is shewn at one view the price which the Merchant can afford to pay, in Currency, for Timber, to fill a Contract at any rate, in Sterling Money, free on board, at Quebec, from 3d. to 15d. Sterling per foot.

The column to the left is the Selling Price, free on board, here. On a line with which will be found under its proper head, the rate at which the Merchant must buy the Timber in shipping order—thus 4½d. Sterling being the Contract Selling Price for White Pine, it must be bought at 4½d., a little over 4½d., or say that 8½d. free on board is the Selling Price for elm, the price to be paid to cover cost, commission and shipping charges is 9½d. Currency, or nearly 9½d.

I have added a column for the freight, by means of which a shipper of Timber can see the total cost deliverable in Europe, including freight and all charges, except insurance.—Say that White Pine in shipping order costs 5½d. Currency, and the current rate of freight is 37s. 6d. Sterling per load.—Opposite to 5½d. (the nearest amount to 5½d. in the column for White Pine) will be found in the first column, to the left 5½d. Sterling, and opposite to 37s. 6d. in the freight column, will be found 9d. Sterling, making together 14½d. Sterling, or the cost of the Timber delivered in Europe, free of all charges, except insurance.
